SUBJECT INDEX

ABSCESSES
Significance of ultrasound and gallium scanning in detecting intraabdominal abscesses, 789
ACCIDENTS
Hospital admissions following childhood accidents, 917
ACETYLCHOLINE RECEPTORS
Binding of myasthenia gravis antibodies to different acetylcholine receptor preparations, 483
ACROMEGALY
Diagnosis of acromegaly on cranial computed tomography, 830
ACTIN
Actin, myosin and actin-binding protein in lymphoid cells from normal and leukemic cell lines, 996
ADHERENCE
Salmonella and *Shigella* adherence to the intestine of mice, 1032
ADRENOCORTICAL RESPONSE
Intact adrenocortical responses to sensory stimuli in rats with bilateral somatosensory cortex ablation (PSC), 515
AMANTADINE
Effect of amantadine on pupillary diameter in mice, 145
AMIODARONE
A case of interstitial pneumonitis during amiodarone therapy (PSC), 809
AMMONIA
Ammonia intoxication: energy metabolism and brain protein synthesis, 171
AMNIOTIC BAND SYNDROME
Amniotic band syndrome (PSC), 505
AMYLOIDOSIS
Serum amyloid P-component levels in rheumatoid arthritis (PSC), 715
Idiopathic AL_{KIV} amyloidosis presenting as giant hepatomegaly, 866
AMINOPYRINE
Aminopyrine breath test in Dubin Johnson and Gilbert's syndromes (PSC), 719
ANALGESIA
Evaluation of the analgesic activity of morphine, enkephalins and their synthetic analogues, 183
ANEMIA
Is secondary hyperparathyroidism an important etiologic factor in the anemia of chronic renal failure?, 249
Studies of left-ventricular function in anemia due to β-thalassemia, 928
ANESTHESIA
Electroanesthesia in the cat: standardization of electric current parameters and anesthetic criteria, 99
ANGIOPLASTY
Percutaneous transluminal angiopiasty of the iliac and lower limb vessels. One year's experience, 921
ANGIOTENSIN
Captopril, an orally active angiotensin I converting enzyme inhibitor in the treatment of renovascular and essential hypertension, 597
Inhibition of angiotensin-converting enzyme: therapeutic implications, 981
ANTHROPOMETRY
Cigarette smoking and its relation to anthropometric characteristics and biochemical variables in Jerusalem 17-year-olds and adults, 1233
ANTIBIOTICS
Intraoperative Gram's staining of bile as a guide for early selective administration of antibiotics, 479
Bacterial meningitis. A follow-up study of 115 children, 779
Comparative susceptibilities of 40 strains of *Pseudomonas aeruginosa* to 10 antipseudomonal antimicrobial agents, 859
ANTIBODIES
Significance of anti-ENA, Sm and RNP antibodies in patients with antinuclear antibodies (PSC), 287
Binding of myasthenia gravis antibodies to different acetylcholine receptor preparations, 483
ANTIDIURETIC HORMONE
Abnormality in renal urate handling in the syndrome of inappropriate secretion of antidiuretic hormone (PSC), 711
α_1-ANTITRYPSIN
$Alpha_1$-antitrypsin deficiency in Israeli children: a five-year survey, 785
A genetic study of $alpha_1$-antitrypsin in an Israeli Arab population, with a new allele: Pi^{v-s} (PSC), 891
ARTHRITIS, JUVENILE
Wrist involvement in juvenile chronic arthritis five years after onset of disease (PSC), 653
ASCITES, EXPERIMENTAL
A modified technique for producing ascites experimentally (PSC), 655
ASTHMA
Comparison of serum theophylline levels in asthmatic children receiving sustained-release and rapid-release theophylline tablets, 255

BETA BLOCKERS
From beta blockers to Ca^{2+} blockers in hypertension: a review, 735
BILIARY SYSTEM
Impairment of bromosulfophthalein clearance by bile salt administration in normal volunteers and patients with Dubin-Johnson syndrome, 211
Intraoperative Gram's staining of bile as a guide for early selective administration of antibiotics, 479
Endoscopic sphincterotomy in biliary tract disease, 619
Manometric study during endoscopic retrograde cholangiopancreatography—a new technique for the evaluation of pathology in the pancreatic and biliary systems, 769

Effect of tauroursodeoxycholic acid on patients with ileal resection (PSC), 812
BIOAVAILABILITY
Therapeutic failures in epileptic children due to impaired diphenylhydantoin bioavailability (PSC), 721
BIOCHEMICAL VARIABLES
Effect of 24-hour food-and-water deprivation on biochemical variables in blood, 591
Correlates of biochemical variables in the Jerusalem Lipid Research Clinic population, 1223
Cigarette smoking and its reltion to anthropometric characteristics and biochemical variables in Jerusalem 17-year-olds and adults, 1233
BLOOD PRESSURE
Blood pressure changes while talking, 575
Association of blood pressure with ethnic origin in 17-year-olds: The Jerusalem Lipid Research Clinic Prevalence Study, 1210
Cigarette smoking, blood pressure and pulse rate in the Jerusalem Lipid Research Clinic Prevalence Study, 1217
BOWEL, LARGE
Large bowel herniation through a central fracture of iliac bone, 281
Large bowel mucosal turnover—a comparison of tritiated thymidine incorporation following systemic and intraperitoneal administration (PSC), 643
BRAIN
Specific activities of a membrane protein of brain cells, 25
Metabolic studies with an isolated, perfused rat brain preparation, 59
Criteria of viability in isolated brain preparations, 67
Ammonia intoxication: energy metabolism and brain protein synthesis, 171
BRAIN STEM
Analysis of auditory brain stem response sources along the basilar membrane to low-frequency filtered clicks, 93
BREAST NEOPLASIA
Review: Oral contraceptives and menopausal estrogens in relation to breast neoplasia, 433
BREATHING DISORDERS
Apneic and nonapneic breathing disorders in sleep, 523
2-BROMO-α-ERGOCRYPTINE
Stereotyped responses of rats to two 2-halogenoergolines: 2-bromo-α-ergocryptine and lergotrile, 177
BROMOSULFOPHTHALEIN
Impairement of bromosulfophthalein clearance of bile salt administration in normal volunteers and patients with Dubin-Johnson syndrome, 211
BRONCHOCONSTRICTION
Stimuli to bronchoconstriction: basic mechanisms, 297
BRUCELLOSIS
Human brucellosis in the Negev region of Israel, 1981 (PSC), 972
BUNDLE OF HIS
Functional anatomy of the right bundle of His ramifications in the canine heart, (PSC), 1060
Ca^{2+} BLOCKERS
From beta blockers to Ca^{2+} blockers in hypertension: a review, 735
CAMPYLOBACTER ENTERITIS
Campylobacter enteritis in infants and young children, 615
CANCER
Selected social-psychological characteristics of a sample of Israeli cancer patients: facts and implications, 259
Deaths from all causes as a substitute for cause-specific deaths in life-table analyses of cancer survival (PSC), 291
Cancer incidence in kibbutzim in Israel, 849
CAPTOPRIL
Captopril, an orally active angiotensin I converting enzyme inhibitor in the treatment of renovascular and essential hypertension, 597
Inhibition of angiotensin-converting enzyme: therapeutic implications, 981
CEFOXITIN
A decisive period of cefoxitin prophylaxis of experimental synergistic wound infection produced by *Bacteroides fragilis* and *Escherichia coli*, 863
CELL DIVISION
Relation of cell division to the acquisition of responsiveness to cortisol in the neural retina of the chick embryo, 13
CEREBROSPINAL FLUID
Relationship of cerebrospinal fluid and serum magnesium in liver cirrhosis and hepatic coma (PSC), 1055
CHEMOTAXIS
Review: clinical and laboratory approach to the management of neutrophil dysfunction, 897
CHOLANGIOPANCREATOGRAPHY
Pure pancreatic juice cytology obtained at endoscopic retrograde cholangiopancreatography, 683
Manometric study during endoscopic retrograde cholangiopancreatography—a new technique for the evaluation of pathology in the pancreatic and biliary systems, 769
CHOLESTEROL
Plasma cholesterol, triglyceride and high-density lipoprotein–cholesterol levels in 17-year-old Jerusalem offspring of Jews from 19 countries of birth, 1121
Contributions of different lipoprotein fractions to variations in total cholesterol between Israeli origin groups and social classes, 1131
Familial aggregation of total cholesterol, triglyceride and high-density lipoprotein–cholesterol in an Israeli population sample, 1137
Calculation of LDL-cholesterol from total cholesterol, triglyceride and HDL-cholesterol: a comparison of methods in the Jerusalem Lipid Research Clinic Prevalence Study, 1242
CHOROID PLEXUS
Mumps encephalitis and biliteral papillomas of the choroid plexus (PSC), 649

CHROMOSOMES
Endocrine studies in a 49XYYYY male (PSC), 647
CHRONIC RENAL FAILURE
Is secondary hyperparathyroidism an important etiologic factor in the anemia of chronic renal failure?, 249
Continuous ambulatory peritoneal dialysis. A new dimension in the treatment of end-stage renal disease, 1014
CHRYSOTHERAPY
Enterocolitis complicating chrysotherapy. Case report and review of the literature, 1040
CIRRHOSIS
Serological markers of hepatitis B virus infection in patients with liver cirrhosis (PSC), 295
Relationship of bone and plasma magnesium in magnesium-deficient cirrhosis patients, 679
Intestinal loss of vitamin D_3 metabolites in rats with cirrhosis of the liver, 1027
Relationship of cerebrospinal fluid and serum magnesium in liver cirrhosis and hepatic coma (PSC), 1055
CLIMATE THERAPY
Climatc therapy for psoriasis at the Dead Sea, Israel, 267
CLINICAL FEATURES
Clinical features of viral and bacterial gastroenteritis in hospitalized children, 753
COMPUTED TOMOGRAPHY
Diagnosis of acromegaly on cranial computed tomography, 830
CONDYLOMATA ACUMINATA
Urethral condylomata acuminata: a new topical treatment, 1053
CONVULSIONS
Multiple fracture with a central dislocation of the hip, due to convulsions in herpes encephalitis (PSC), 883
COPPER
Effect of copper on carbohydrate metabolism in rats, 840
CORTEX ABLATION
Intact adrenocortical responses to sensory stimuli in rats with bilateral somatosensory cortex ablation (PSC), 515
CORTICAL NEURON
Role of the cortical neuron: integrator or coincidence detector?, 83
CORTISOL
Relation of cell division to the acquisition of responsiveness to cortisol in the neural retina of the chick embryo, 13
Plasma levels of serotonin compared with cortisol as stress indicators in gynecological operations (PSC), 806
CYSTINOSIS
HLA types and the clinical course of cystinosis (PSC), 293
CYTOMEGALOVIRUS MONONUCLEOSIS
Pregnancy following cytomegalovirus mononucleosis, 491
DIAGNOSTIC PUNCTURE
Combined percutaneous diagnostic puncture and management of renal cysts, 609
DIAPHRAGM, PREPYLORIC
Prepyloric diaphragm, an unusual case of gastric outlet syndrome, 1044
DIARRHEA
Campylobacter jejuni as an etiological agent of diarrheal diseases in Israel, 935
DIPHENYLHYDANTOIN
Diphenylhydantoin excretion in the semen of treated epileptics (PSC), 509
Therapeutic failures in epileptic children due to impaired diphenylhydantoin bioavailability (PSC), 721
DOPAMINERGIC SYSTEM
Compensary mechanism in the nigrostriatal dopaminergic system in Parkinson's disease: studies in an animal model, 159
DUBIN-JOHNSON SYNDROME
Impairment of bromosulfophthalein clearance by bile salt administration in normal volunteers and patients with Dubin-Johnson syndrome, 211
Aminopyrine breath test in Dubin Johnson and Gilbert's syndromes (PSC), 719
ECHOCARDIOGRAPHY
Correlation of T-wave changes occurring during exercise ECG with the hemodynamic changes that govern myocardial O_2 balance, 225
Quantitation of regional ventricular asynergy using real-time two-dimensional echocardiography, 457
Preoperative diagnosis of a pericardial tumor with echocardiographic features simulating pericardial effusion, 467
Ehocardiography of the inferior vena cava in healthy subjects and in patients with cardiac disease, 581
Studies of left-ventricular function in anemia due to β-thalassemia, 928
Hypertrophic apical cardiomyopathy: a subtype of hypertrophic cardiomyopathy, 1005
ELDERLY
Trends of hospitalization rates of the elderly for acute and chronic diseases, Israel, 1954–72, 567
Nephrotic syndrome in the elderly, 1010
ELECTROANESTHESIA
Effective electroanesthesia on local cerebral glucose utilization in the cat, 51
Electroanesthesia in the cat: standardization of electric current parameters and anesthetic criteria, 99
ELECTROCARDIOGRAPHY
Electrocardiography vs. vectorcardiography in the diagnosis of left anterior hemiblock associated with inferior wall myocardial infarction: a critical analysis, 463
ENDOCRINE STUDIES
Endocrine studies in a 49XYYYY male (PSC), 647
ENDOSCOPIC SPHINCTEROTOMY
Endoscopic sphincterotomy in biliary tract disease, 619

ENKEPHALINS
Evaluation of the analgesic activity of morphine, enkephalins and their synthetic analogues, 183
ENTEROCOLITIS
Enterocolitis complicating chrysotherapy. Case report and review of the literature, 1040
EOSINOPHILIC FASCIITIS
Eosinophilic fasciitis (Shulman syndrome) with prominent synovitis, 793
EPIDEMIOLOGY
Epidemiology of temporal arteritis in Israel, 241
Selected social-psychological characteristics of a sample of Israeli cancer patients: facts and implications, 259
Deaths from all causes as a substitute for cause-specific deaths in life-table analyses of cancer survival (PSC), 291
Trends in hospitalization rates of the elderly for acute and chronic diseases, Israel, 1954–72, 567
Natural history of an acute glomerulonephritis epidemic in children. An 11- to 12-year follow-up, 603
Leptospirosis in Israel: epidemiological features and laboratory findings in 13 human cases due to *Leptospira ballum*, 659
Legionnaires' Disease in Israel: a serological study of hemodialysis patients, 667
Alpha$_1$-antitrypsin deficiency in Israeli children: a five-year survey, 785
Hairy cell leukemia: defective production of granulocyte-macrophage colony-simulating factor by peripheral blood cells, 845
Genital herpes simplex infections in Israel: 1973 through 1980, 941
Human brucellosis in the Negev region of Israel, 1981 (PSC), 972
Non-A, non-B hepatitis not following transfusion. A study of hospital patients in Jerusalem, 986
Animal-caused injury and rabies prophylaxis in the northern Negev region of Israel, 1978–80, 1001
The epidemiology of coronary heart disease in the ethnically and culturally diverse population of Israel: a review, 1077
Changing patterns of cardiovascular disease mortality in the United States, 1098
The Jerusalem Lipid Research Clinic: sampling, response and selected methodological issues, 1106
Plasma lipids and lipoproteins in adult Jews of different origins: The Jerusalem Lipid Research Clinic Prevalence Study, 1113
Plasma cholesterol, triglyceride and high-density lipoprotein–cholesterol levels in 17-year-old Jerusalem offspring of Jews from 19 countries of birth, 1121
Contributions of different lipoprotein fractions to variations in total cholesterol between Israeli origin groups and social classes, 1131
Familial aggregation of total cholesterol, triglyceride and high-density lipoprotein–cholesterol in an Israeli population sample, 1137
Reported physical activity and blood lipids in Jerusalem adults, 1144
Smoking, lipids and lipoproteins in Jerusalem 17-year-olds, 1150
Seasonal changes in plasma lipid and lipoprotein levels in Jerusalem, 1158
Nutrient intake in Jerusalem—consumption in 17-year-olds, 1167
Nutrient intake in Jerusalem—consumption in adults, 1183
Nutrient intake in Jerusalem—effects of origin, social class and education, 1198
Association of blood pressure with ethnic origin in 17-year-olds: The Jerusalem Lipid Research Clinic Prevalence Study, 1210
Cigarette smoking, blood pressure and pulse rate in the Jerusalem Lipid Research Clinic Prevalence Study, 1217
Correlates of biochemical variables in the Jerusalem Lipid Research Clinic population, 1223
Cigarette smoking and its relation to anthropometric characteristics and biochemical variables in Jerusalem 17-year-olds and adults, 1233
Calculation of LDL-cholesterol from total cholesterol, triglyceride and HDL-cholesterol: a comparison of methods in the Jerusalem Lipid Research Clinic Prevalence Study, 1242
EPILEPSY
Diphenylhydantoin excretion in the semen of treated epileptics (PSC), 509
Therapeutic failures in epileptic children due to impaired diphenylhydantoin bioavailability (PSC), 721
EPILEPTOGENIC EXCITABILITY
Model for simulating cyclic variations in focal epileptogenic excitability, 119
ESOPHAGEAL ATRESIA
Elongation of the upper pouch in esophageal atresia, 955
ESTROGENS
Review: Oral contraceptives and menopausal estrogens in relation to breast neoplasia, 433
EXTRACELLULAR VOLUME EXPANSION
Tubular handling of sodium following immersion to the neck and salt-induced volume expansion, 675
FACTOR V DEFICIENCY
Management of labor in a patient with factor V deficiency, 701
FASTING
Effect of 24-hour food-and-water deprivation on biochemical variables in blood, 591
FECES
Fecal hydrogen production *in vitro*: effects of oxygen and storage (PSC), 885
FEMORAL NEUROPATHY
Ultrasonic demonstration of iliopsoas hematoma causing femoral neuropathy (PSC), 967
FERTILITY
Fertility following excision of the mesotubarium superius in the rabbit (PSC), 519
FEVER
Fever in multiple myeloma, 870

FLUNITRAZEPAM
Intravenous flunitrazepam in the prevention of the side effects of succinylcholine, 587
FOLLICLE STIMULATING HORMONE
Inhibitory effect of follicle stimulating hormone on parathormone in the rat—a possible explanation of postmenopausal osteoporosis (PSC), 1051
FOOD
Relationship between dietary thermogenesis and bulk of meal (PSC), 969
FRACTURES
Multiple fracture with a central dislocation of the hip, due to convulsions in herpes encephalitis (PSC), 883

GAMMA-AMINOBUTYRIC ACID
γ-Aminobutyric acid system in cardiovascular and cerebrovascular function, 75
GALLIUM SCANNING
Significance of ultrasound and gallium scanning in detecting intraabdominal abscesses, 789
GASTRIC OUTLET SYNDROME
Prepyloric diaphragm, an unusual case of gastric outlet syndrome, 1044
GASTROENTERITIS
Clinical features of viral and bacterial gastroenteritis in hospitalized children, 753
GENITAL HERPES
Genital herpes simplex infections in Israel: 1973 through 1980, 941
GIANT HEPATOMEGALY
Idiopathic AL_{KIV} amyloidosis presenting as giant hepatomegaly, 866
GILBERT'S SYNDROME
Aminopyrine breath test in Dubin Johnson and Gilbert's syndromes (PSC), 719
GLOMERULONEPHRITIS
Natural history of an acute glomerulonephritis epidemic in children. An 11- to 12-year follow-up, 603
GLUCOSE METABOLISM
Effect of electroanesthesia on local cerebral glucose utilization in the cat, 51
Effect of copper on carbohydrate metabolism in rats, 840
GLYCOSYLATED HEMOGLOBIN
Rapid changes in glycosylated hemoglobin induced by hemodialysis (PSC), 960
GRAM'S STAIN
Intraoperative Gram's staining of bile as a guide for early selective administration of antibiotics, 479
GRANULOCYTES/MACROPHAGES
Evaluation of bone marrow granulocyte reserves in neutropenic and nonneutropenic Yemenite Jews, 671
Hairy cell leukemia: defective production of granulocyte-macrophage colony-stimulating factor by peripheral blood cells, 845
Differential characterization of colony-forming units in diffusion chambers from pluripotent stem cells and progenitors of granulocytes/macrophages, 990
GROWTH HORMONE
Growth hormone response to L-dopa in the thinned obese, 625
Somatomedin, insulin, growth hormone and growth: a review, 823
GYNECOLOGY
Plasma levels of serotonin compared with cortisol as stress indicators in gynecological operations (PSC), 806
A simple technique for visualization of the uterine cavity and its pathology during ultrasound scanning (PSC), 817

2-HALOGENOERGOLINE
Stereotyped responses of rats to two 2-halogenoergolines; 2-bromo-α-ergocryptine and lergotrile, 177
HEALTH CARE DELIVERY
Evaluation of personal health services as a basis for health planning. A review with applications for Israel, 197
HEALTH INDICATORS
Regionalization of health services in Israel: health indicators for measuring the health status of a region, 411
HEALTH INFORMATION SYSTEMS
Regional health information and evaluation systems: some concepts and thoughts, 393
Medical records for a region, 415
HEALTH PLANNING
Evaluation of personal health services as a basis for health planning. A review with applications for Israel, 197
Needs and planning for manpower within a health region: concepts, problems, and progress, 385
HEALTH SERVICES, REGIONALIZATION
Regionalization of health services—a pressing need?, 329
Current status of health services in Israel, 337
Israel health review, 345
Regionalization of health services in Israel: significance and frameworks, 357
The British health system: achievements and limitations, 365
Regionalization of health services in Canada, 375
Needs and planning for manpower within a health region: concepts, problems, and progress, 385
Regional health information and evaluation systems: some concepts and thoughts, 393
Regionalization of health services in Israel: health indicators for measuring the health status of a region, 411
Medical records for a region, 415
HEARING
Effect of turbine dental drill noise on dentists' hearing, 475
HEART
γ-Aminobutyric acid system in cardiovascular and cerebrovascular function, 75
Angina-like cardiac disturbances of hypothalamic etiology in cat, monkey, and man, 127

Intraaortic balloon counterpulsation in acute myocardial infarction, 215
Correlation of T-wave changes occurring during exercise ECG with the hemodynamic changes that govern myocardial O_2 balance, 225
Quantitation of regional ventricular asynergy using real-time two-dimensional echocardiography, 457
Electrocardiography vs. vectorcardiography in the diagnosis of left anterior hemiblock associated with inferior wall myocardial infarction: a critical analysis, 463
Preoperative diagnosis of a pericardial tumor with echocardiographic features simulating pericardial effusion, 467
Verapamil responsive reentrant ventricular tachycardia: a case report with electrophysiological investigation, 499
Myocardial damage after *Andoctonus crassicauda crassicauda* sting (PSC), 503
Echocardiography of the inferior vena cava in healthy subjects and in patients with cardiac disease, 581
Propranolol-induced hypoglycemia in a nondiabetic patient during acute coronary insufficiency (PSC), 725
Treatment of cardiogenic shock with nitroglycerin infusion and high-frequency positive pressure ventilation, 878
Successful surgical treatment of a ruptured right ventricle (PSC), 894
Hypertrophic apical cardiomyopathy: a subtype of hyrpertrophic cardiomyopathy, 1005
The epidemiology of coronary heart disease in the ethnically and culturally diverse population of Israel: a review, 1077
Changing patterns of cardiovascular disease mortality in the United States, 1098

HEART, METHODOLOGY
The Jerusalem Lipid Research Clinic: sampling, response and selected methodological issues, 1106

HEMATOMA
Ultrasonic demonstration of iliopsoas hematoma causing femoral neuropathy (PSC), 967

HEMODIALYSIS
Tuberculosis in patients on hemodialysis, 245
Legionnaires' Disease in Israel: a serological study of hemodialysis patients, 667
Rapid changes in glycosylated hemoglobin induced by hemodialysis (PSC), 960
Long-term effects of 1α-hydroxycholecalciferol therapy in chronic hemodialysis patients, 1019

HEPATIC COMA
Relationship of cerebrospinal fluid and serum magnesium in liver cirrhosis and hepatic coma (PSC), 1055

HEPATITIS
Serological markers of hepatitis B virus infection in patients with liver cirrhosis (PSC), 295
Non-A, non-B hepatitis not following transfusion. A study of hospital patients in Jerusalem, 986

HERNIA, INGUINAL
A rare presentation of inguinal hernia (PSC), 963

HERNIATION
Large bowel herniation through a central fracture of iliac bone, 281

HERPES ENCEPHALITIS
Multiple fracture with a central dislocation of the hip, due to convulsions in herpes encephalitis (PSC), 883

HIGH-FREQUENCY POSITIVE PRESSURE VENTILATION
Treatment of cardiogenic shock with nitroglycerin infusion and high-frequency positive pressure ventilation, 878

HLA
HLA types and the clinical course of cystinosis (PSC), 293
Histocompatibility (HLA) antigens and multiple sclerosis in Israelis, 631
Late-onset type of 21-hydroxylase deficiency in childhood, 763

HOSPITALIZATION
Pretreatment prognostic factors and hospitalization periods in childhood acute lymphoblastic leukemia, 447
Trends in hospitalization rates of the elderly for acute and chronic diseases, Israel, 1954–72, 567
Hospital admissions following childhood accidents, 917

HYDROGEN PRODUCTION
Fecal hydrogen production *in vitro*: effects of oxygen and storage (PSC), 885

21-HYDROXYLASE DEFICIENCY
Late-onset type of 21-hydroxylase deficiency in childhood, 763

HYPERGLYCEMIA
Hyperglycemia and hyperinsulinemia in the sand rat (*Psammomys obesus*) with positive or negative energy balance, 187

HYPERINSULINEMIA
Hyperglycemia and hyperinsulinemia in the sand rat (*Psammomys obesus*) with positive or negative energy balance, 187

HYPERPARATHYROIDISM
Is secondary hyperparathyroidism an important etiologic factor in the anemia of chronic renal failure?, 249

HYPERTENSION
Effect of propranolol treatment on the urinary excretion of prostaglandins E_2 and $F_{2\alpha}$ in patients with essential hypertension, 231
Captopril, an orally active angiotensin I converting enzyme inhibitor in the treatment of renovascular and essential hypertension, 597
Inhibition of angiotensin-converting enzyme: therapeutic implications, 981

HYPOALDOSTERONISM
Unmasking of isolated hypoaldosteronism after renal allotransplantation in familial Mediterranean fever, 495

HYPOGLYCEMIA
Propranolol-induced hypoglycemia in a nondiabetic

patient during acute coronary insufficiency (PSC), 725
HYPOTHALAMUS
Angina-like cardiac disturbances of hypothalamic etiology in cat, monkey, and man, 127

ILEUM
Large bowel herniation through a central fracture of iliac bone, 281
Effect of tauroursode oxycholic acid on patients with ileal resection (PSC), 812
Percutaneous transluminal angioplasty of the iliac and lower limb vessels. One year's experience, 921
IMMUNOSUPPRESSION
Fatal case of strongyloidiasis in an immunosuppressed patient (PSC), 1048
IMMUNOTHERAPY
Insect-sting allergy in Israel: immunotherapy with pure venoms, 487
INFECTIOUS MONONUCLEOSIS
Parotitis and pancreatitis complicating infectious mononucleosis, 709
The laboratory approach to the diagnosis of infectious mononucleosis (PSC), 803
INSULIN
Somatomedin, insulin, growth hormone and growth: a review, 823
INTERFERON
Treatment of life-threatening viral infections with interferonα: pharmacokinetic studies in a clinical trial, 439
Interferon as a possible cause for virus-related lymphocytopenia (PSC), 965
INTRAAORTIC BALLOON COUNTERPULSATION
Intraaortic balloon counterpulsation in acute myocardial infarction, 215

JAUNDICE
Hepatobiliary ultrasonography as a diagnostic aid in neonatal jaundice, 947

KETAMINE
Ketamine anesthesia for pediatric gastrointestinal procedures, 760

LACTIC ACIDOSIS
Lactic acidosis and peritoneal dialysis (PSC), 513
LARVAE
Severe external ophthalmomyiasis due to larvae of *Wohlfahrtia* sp. (PSC), 815
LEAD
Sites of action of lead on spontaneous transmitter release from motor nerve terminals, 165
L-DOPA
Growth hormone response to L-dopa in the thinned obese, 625
LECTIN
Screening of urinary pathogens obtained from catheterized patients for mannose-specific lectin: clinical implications, 469
LEGIONNAIRES' DISEASE
Legionnaires' Disease in Israel: a serological study of hemodialysis patients, 667
Legionnaires' Disease: a case acquired in Israel, 873
LEISHMANID
Leishmanid (PSC), 285
LEMNISCAL SYSTEM
Inhibition of sensory transmission in the cat lemniscal system during fast movements: a review, 105
LEPTOSPIROSIS
Leptospirosis in *Rattus norvegicus* and *Rattus rattus* in Israel, 271
Leptospirosis in Israel: epidemiological features and laboratory findings in 13 human cases due to *Leptospira ballum*, 659
LERGOTRILE
Stereotyped responses of rats to two 2-halogenoergolines: 2-bromo-α-ergocryptine and lergotrile, 177
LEUKEMIA
Pretreatment prognostic factors and hospitalization periods in childhood acute lymphoblastic leukemia, 447
Altered function and membrane properties of lymphocytic leukemia cells. Correlation with clinical stage of disease, 746
Hairy cell leukemia: defective production of granulocyte macrophage colony-stimulating factor by peripheral blood cells, 845
Actin, myosin and actin-binding protein in lymphoid cells from normal and leukemic cell lines, 996
Infiltration of leukemic cells into muscles adjacent to joints of mice with leukemia (PSC), 1057
LIFE-TABLE ANALYSIS
Deaths from all causes as a substitute for cause-specific deaths in life-table analyses of cancer survival (PSC), 291
LIPIDS
Persistence of [^{3}H]trioleylglyceryl ether in organs of mice treated with glucocorticosteroids (PSC), 819
Plasma cholesterol, triglyceride and high-density lipoprotein–cholesterol levels in 17-year-old Jerusalem offspring of Jews from 19 countries of birth, 1121
Familial aggregation of total cholesterol, triglyceride and high-density lipoprotein–cholesterol in an Israeli population sample, 1137
Reported physical activity and blood lipids in Jerusalem adults, 1144
LIPOPROTEINS
Plasma lipids and lipoproteins in adult Jews of different origins: The Jerusalem Lipid Research Clinic Prevalence Study, 1113
Plasma cholesterol, triglyceride and high-density lipoprotein–cholesterol in 17-year-old Jerusalem offspring of Jews from 19 countries of birth, 1121
Contributions of different lipoprotein fractions to variations in total cholesterol between Israeli origin groups and social classes, 1131
Familial aggregation of total cholesterol, triglyceride and high-density lipoprotein–cholesterol in an Israeli population sample, 1137

Smoking, lipids and lipoproteins in Jerusalem 17-year-olds, 1150
Seasonal changes in plasma lipid and lipoprotein levels in Jerusalem, 1158
Calculation of LDL-cholesterol from total cholesterol, triglyceride and HDL-cholesterol: a comparison of methods in the Jerusalem Lipid Research Clinic Prevalence Study, 1242
LIQUID CHROMATOGRAPHY
Monitoring of serum theophylline by high-performance liquid chromatography without interference by various coadministered drugs (PSC), 639
LOW BIRTH WEIGHT
Serum mineral concentrations in low birth weight infants fed different milk formulas (PSC), 727
LOWER LIMB VESSELS
Percutaneous transluminal angioplasty of the iliac and lower limb vessels. One year's experience, 921
LUNG DAMAGE
Does the pattern of ventilation determine the degree of lung damage following intensive care of the newborn?, 835
LYMPHOCYTOPENIA
Interferon as a possible cause for virus-related lymphocytopenia (PSC), 965

MAGNESIUM
Relationship of cerebrospinal fluid and serum magnesium in liver cirrhosis and hepatic coma (PSC), 1055
MEDITERRANEAN FEVER
Unmasking of isolated hypoaldosteronism after renal allotransplantation in familial Mediterranean fever, 495
MEMBRANE
Specific activities of a membrane protein of brain cells, 25
Analysis of auditory brain stem response sources along the basilar membrane to low-frequency filtered clicks, 93
Altered function and membrane properties of lymphocytic leukemia cells. Correlation with clinical stage of disease, 746
MENINGITIS
Bacterial meningitis. A follow-up study of 115 children, 779
MESOTUBARIUM SUPERIUS
Fertility following excision of the mesotubarium superius in the rabbit (PSC), 519
METABOLISM
Metabolic studies with an isolated, perfused rat brain preparation 59
Ammonia intoxication: energy metabolism and brain protein synthesis, 171
Influence of physical activity on the thermic effect of food in young men, 193
Metabolism of cholecalciferol in vitamin D intoxicated chicks, 695
Effect of copper on carbohydrate metabolism in rats, 840
MILK FORMULA
Serum mineral concentrations in low birth weight infants fed different milk formulas (PSC), 727
MITRAL VALVE PROLAPSE
Mitral valve prolapse and panic attacks, 221
MORPHINE
Evaluation of the analgesic activity of morphine, enkephalins and their synthetic analogues, 183
MORTALITY
Changing patterns of cardiovascular disease mortality in the United States, 1098
MOTOR NERVE TERMINALS
Site of action of lead on spontaneous transmitter release from motor nerve terminals, 165
MUCOSA
Large bowel mucosal turnover—a comparison of tritiated thymidine incorporation following systemic and intraperitoneal administration (PSC), 643
MULTIPLE MYELOMA
Fever in multiple myeloma, 870
MULTIPLE SCLEROSIS
Oligodendrocytes: the putative target cells of multiple sclerosis, 149
Histocompatability (HLA) antigens and multiple sclerosis in Israelis, 631
Multiple sclerosis in Israeli Bedouin, 635
MUMPS ENCEPHALITIS
Mumps encephalitis and bilateral papillomas in the choroid plexus (PSC), 649
MUSHROOM POISONING
Severe poisoning in a child by the mushroom *Inocybe tristis*, Malençon and Bertault, 798
MYASTHENIA GRAVIS
Binding of myasthenia gravis antibodies to different acetylcholine receptor preparations, 483
MYELOPROLIFERATIVE DISEASE
Recurrent venous thrombosis: the sole manifestation of an occult myeloproliferative disease, 705
MYOSIN
Actin, myosin and actin-binding protein in lymphoid cells from normal and leukemic cell lines, 996

NEPHROTIC SYNDROME
Nephrotic syndrome in the elderly, 1010
NEURONAL TISSUE
Characterization of ouabain receptor in neuronal tissue: evidence for endogenous ouabain-like compound, 45
Role of the corticol neuron: integrator or coincidence detector?, 83
NEUROTRANSMITTER
Regulatory role of intracellular sodium ions in neurotransmitter secretion, 37
Sites of action of lead on spontaneous transmitter release from motor nerve terminals, 165
NEUTROPENIA
Evaluation of bone marrow granulocyte reserves in neutropenic and nonneutropenic Yemenite Jews, 671
NEUTROPHIL DYSFUNCTION
Review: clinical and laboratory approach to the management of neutrophil dysfunction, 897

NEWBORN
Does the pattern of ventilation determine the degree of lung damage following intensive care of the newborn?, 835
Hepatobiliary ultrasonography as a diagnostic aid in neonatal jaundice, 947
NITROGLYCERIN
Treatment of cardiogenic shock with nitroglycerin infusion and high-frequency positive pressure ventilation, 878
NOISE
Effect of turbine dental drill noise on dentists' hearing, 475
NUTRIENT INTAKE
Nutrient intake in Jerusalem—consumption in 17-year-olds, 1167
Nutrient intake in Jerusalem—consumption in adults, 1183
Nutrient intake in Jerusalem—origin, social class and education, 1198

OBESITY
Growth hormone response to L-dopa in the thinned obese, 625
OLIGODENDROCYTES
Oligodendrocytes: the putative target cells of multiple sclerosis, 149
OPHTHALMOMYIASIS
Severe external ophthalmomyiasis due to larvae of *Wohlfahrtia* sp. (PSC), 815
ORAL CONTRACEPTIVES
Review: Oral contraceptives and menopausal estrogens in relation to breast neoplasia, 433
OSMOSIS
On the mechanisms of osmotic phenomena, 9
OSTEOPOROSIS
Inhibitory effect of follicle stimulating hormone on parathormone in the rat—a possible explanation of postmenopausal osteoporosis (PSC), 1051
OUABAIN
Characterization of ouabain receptor in neuronal tissue: evidence for endogenous ouabain-like compound, 45

PANCREAS
Pure pancreatic juice cytology obtained at endoscopic retrograde cholangiopancreatography, 683
Effect of extracts from ischemic pancreas (mycardial depressant factor?) on platelets, 689
Parotitis and pancreatitis complicating infectious mononucleosis, 709
Manometric study during endoscopic retrograde cholangiopancreatography—a new technique for the evaluation and pathology in the pancreatic and biliary systems, 769
PANIC ATTACK
Mitral valve prolapse and panic attacks, 221
PAPILLOMAS
Mumps encephalitis and bilateral papilloma of the choroid plexus (PSC), 649
PARATHORMONE
Inhibitory effect of follicle stimulating hormone on parathormone in the rat—a possible explanation of postmenopausal osteoporosis (PSC), 1051
PARKINSON'S DISEASE
Compensatory mechanisms in the nigrostriatal dopaminergic system in Parkinson's disease: studies in an animal model, 159
PAROTITIS
Parotitis and pancreatitis complicating infectious mononucleosis, 709
PATENT DUCTUS ARTERIOSIS
Patent ductus arteriosis in a 67-year-old woman: late diagnosis and surgical closure, 952
PERICARDIAL TUMOR
Preoperative diagnosis of a pericardial tumor with echocardiographic features simulating pericardial effusion, 467
PERIPHERAL BLOOD CELLS
Hairy cell leukemia: defective production of granulocyte-macrophage colony-stimulating factor by peripheral blood cells, 845
PERITONEAL DIALYSIS
Lactic acidosis and peritoneal dialysis, 513
Continuous ambulatory peritoneal dialysis. A new dimension in the treatment of end-stage renal disease, 1014
PHOTORECEPTORS
Role of visual pigment photoproducts in transduction in invertebrate photoreceptors, 141
PHYSICAL ACTIVITY
Influence of physical activity on the thermic effect of food in young men, 193
Correlation of T-wave changes occurring during exercise ECG with the hemodynamic changes that govern myocardial O_2 balance, 225
Reported physical activity and blood lipids in Jerusalem adults, 1144
PHYSIOLOGY
Origin, essence and survival of physiology: queen of sciences, 3
Pi^{V-S}
A genetic study of alpha$_1$-antitrypsin in an Israeli Arab population, with a new allele: Pi^{V-S}, (PSC) 891
PIGMENT PHOTOPRODUCTS
Role of visual pigment photoproducts in transduction in invertebrate photoreceptors, 141
PLACENTA
Placental changes as a consequence of the interruption of midtrimester pregnancies by prostaglandin $F_{2\alpha}$. A study of 23 cases, 235
Placenta previa with focal accretion, 277
PLATELETS
Effect of extracts from ischemic pancreas (myocardial depressant factor?) on platelets, 689
PNEUMONITIS
A case of interstitial pneumonitis during amiodarone therapy (PSC), 809
PREGNANCY
Placental changes as a consequence of the interrup-

tion of midtrimester pregnancies by prostaglandin $F_{2\alpha}$. A study of 23 cases, 235
Placenta previa with focal accretion, 277
Pregnancy following cytomegalovirus mononucleosis, 491
Amniotic band syndrome (PSC), 505
Management of labor in a patient with factor V deficiency, 701
Adult Still's disease associated with pregnancy, 1037
PROGNOSTIC FACTORS
Pretreatment prognostic factors and hospitalization periods in childhood acute lymphoblastic leukemia, 447
PROPRANOLOL
Effect of propranolol treatment on the urinary excretion of prostaglandins E_2 and $F_{2\alpha}$ in patients with essential hypertension, 231
Propranolol-induced hypoglycemia in a nondiabetic patient during acute coronary insufficiency (PSC), 725
PROSTAGLANDINS
Eeffect of propranolol treatment on the urinary excretion of prostaglandins E_2 and $F_{2\alpha}$ in patients with essential hypertension, 231
Placental changes as a consequence of the interruption of midtrimester pregnancies by prostaglandin $F_{2\alpha}$. A study of 23 cases, 235
PROTEIN SYNTHESIS
Ammonia intoxication: energy metabolism and brain protein synthesis, 171
PSORIASIS
Climate therapy for psoriasis at the Dead Sea, Israel, 267
PULSE RATE
Cigarette smoking, blood pressure and pulse rate in the Jerusalem Lipid Research Clinic Prevalence Study, 1217
PUPILLARY DIAMETER
Effect of amantadine on pupillary diameter in mice, 145
PYELOGRAPHY
Diagnostic value of distended urinary bladder pyelography in adults, 854

RABIES PROPHYLAXIS
Animal-caused injury and rabies prophylaxis in the northern Negev region of Israel, 1978–80, 1001
REGULATION
Regulatory role of intracellular sodium ions in neurotransmitter secretion, 37
RENAL DISEASE
Unmasking of isolated hypoaldosteronism after renal allotransplantation in familial Mediterranean fever, 495
Captopril, an orally active angiotension I converting enzyme inhibitor in the treatment of renovascular and essential hypertension, 597
Combined percutaneous diagnostic puncture and management of renal cysts, 609
Abnormality in renal urate handling in the syndrome of inappropriate secretion of antidiuretic hormone (PSC), 711
In vitro studies on the formation of uric acid staghorn calculi (PSC), 731
RESISTANCE ERROR
Numerical method for correcting the series resistance error in voltage clamp experiments, 19
RETINA
Relation of cell division to the acquisition of responsiveness to cortisol in the neural retina of the chick embryo, 13
RHEUMATOID ARTHRITIS
Serum amyloid P-component levels in rheumatoid arthritis (PSC), 715
Adult Still's disease associated with pregnancy, 1037

SAND RAT (*PSAMMOMYS OBESUS*)
Hyperglycemia and hyperinsulinemia in the sand rat (*Psammomys obesus*) with positive or negative energy balance, 187
SCIENTIFIC MEETINGS, ABSTRACTS OF PAPERS
Biannual Meeting of the Israel Gastroenterological Society, April 1981, Hadera, 309
Meeting of the Israel Society for Parasitology, 10 May 1981, Jerusalem, 312
Annual Meeting of the Israel Society for Anatomical Sciences, 24 May 1981, Haifa, 315
Annual Meeting of the Israel Society for Atherosclerosis Research, 7 April 1981, Tel Aviv, 535
Annual Meeting of the Israel Clinical Pediatric Society, 25 June 1981, Herzliya, 539
49th Meeting of the Israel Physiological and Pharmacological Society, 22 October 1981, Tel Aviv, 550
Semiannual Meeting of the Israel Society for Clinical Investigation, 25 November 1981, Petah Tikva, 559
Annual Meeting of the Endocrine Society of Israel, 12 January 1982, Tel-Hashomer, 562
Annual Meeting of the Israel Society for Microbiology, 27 December 1981, Jerusalem, 657
1982 Annual Meeting of the Israel Biochemical Society in conjunction with the Section for Biotechnology and the Israel Biophysical Society, 11 April 1982, Rehovot, 735
Semiannual Meeting of the Society of Clinical Investigation, 12 May 1982, Haifa, 973
13th Scientific Conference of the Israel Ecological Society, 19 May 1982, Rehovot, 975
Annual Scientific Meeting of the Israel Society for Anatomical Sciences, 23 May 1982, Tel Aviv, 977
Biannual Meeting of the Israel Gastroenterological Society, 5 April 1982, Herzlia, 1065
Meeting of the Israel Society of Parasitology, May 1982, Tel Aviv, 1067
Annual Meeting of the Israel Clinical Pediatric Society, 3 June 1982, Herzlia, 1070
SEASONALITY
Seasonal changes in plasma lipid and lipoprotein levels in Jerusalem, 1158

SEMEN
Diphenylhydantoin excretion in the semen of treated epileptics (PSC), 509
SENSORY TRANSMISSION
Inhibition of sensory transmission in the cat lemniscal system during fast movements: a review, 105
SEROLOGICAL MARKERS
Serological markers of hepatitis B virus infection in patients with liver cirrhosis (PSC), 295
SEROTONIN
Plasma levels of serotonin compared with cortisol as stress indicators in gynecological operations (PSC), 806
SHULMAN SYNDROME
Eosinophilic fasciitis (Shulman syndrome) with prominent synovitis, 793
SLEEP
Apneic and nonapneic breathing disorders in sleep, 523
SMOKING
Smoking, lipids and lipoproteins in Jerusalem 17-year-olds, 1150
Cigarette smoking, blood pressure and pulse rate in the Jerusalem Lipid Research Clinic Prevalence Study, 1217
Cigarette smoking and its relation to anthropometric characteristics and biochemical variables in Jerusalem 17-year-olds and adults, 1233
SOCIAL-PSYCHOLOGICAL CHARACTERISTICS
Selected social-psychological characteristics of a sample of Israeli cancer patients: facts and implications, 259
SODIUM
Regulatory role of intracellular sodium ions in neurotransmitter secretion, 37
Tubular handling of sodium following immersion to the neck and salt-induced volume expansion, 675
SOMATOMEDIN
Somatomedin, insulin, growth hormone and growth: a review, 823
STEM CELLS
Differential characterization of colony-forming units in diffusion chambers from pluripotent stem cells and progenitors of granulocytes/macrophages, 990
STILL'S DISEASE
Adult Still's disease associated with pregnancy, 1037
STING, INSECT
Insect-sting allergy in Israel: immunotherapy with pure venoms, 487
STING, SCORPION
Myocardial damage after *Androctonus crassicauda crassicauda* sting (PSC), 503
STREPTOCOCCUS VIRIDANS AB1III
Characteristics and kinetics of the *in vitro* interfering activity of the *Streptococcus viridans* Ab1III strain (PSC), 645
STRESS
Plasma levels of serotonin compared with cortisol as stress indicators in gynecological operations (PSC), 806
STRONGYLOIDIASIS
Fatal case of strongyloidiasis in an immunosuppressed patient (PSC), 1048
SUCCINYLCHOLINE
Intravenous flunitrazepam in the prevention of the side effects of succinylcholine, 587
SURGERY
Successful surgical treatment of a ruptured right ventricle (PSC), 894
Patent ductus arteriosus in a 67-year-old woman: late diagnosis and surgical closure, 952
SYNOVITIS
Eosinophilic fasciitis (Shulman syndrome) with prominent synovitis, 793

TAUROURSODEOXYCHOLIC ACID
Eeffect of tauroursodeoxycholic acid on patients with ileal resection (PSC), 812
TEMPORAL ARTERITIS
Epidemiology of temporal arteritis in Israel, 24
β-THALASSEMIA
Studies of left-ventricular function in anemia due to β-thalassemia, 928
THEOPHYLLINE
Comparison of serum theophylline levels in asthmatic children receiving sustained-release and rapid-release theophylline tablets, 255
Monitoring of serum theophylline by high-performance liquid chromatography without interference by various coadministered drugs (PSC), 639
THERMOGENESIS
Influence of physical activity on the thermic effect of food in young men, 193
Diet-induced thermogenesis visualized by thermography (PSC), 889
Relationship between dietary thermogenesis and bulk of meal (PSC), 969
THERMOGRAPHY
Diet-induced thermogenesis visualized by thermography (PSC), 889
THROMBOSIS
Recurrent venous thrombosis: the sole manifestation of an occult myeloproliferative disease, 705
THYMIDINE
Large bowel mucosal turnover—a comparison of tritiated thymidine incorporation following systemic and intraperitoneal administration (PSC), 643
TRANSCOBALAMIN II
Production of transcobalamin II by various murine and human cells in culture, 740
TRIGLYCERIDE
Plasma cholesterol, triglyceride and high-density lipoprotein–cholesterol levels in 17-year-old Jerusalem offspring of Jews from 19 countries of birth, 1121
Familial aggregation of total cholesterol, triglyceride and high-density lipoprotein–cholesterol in an Israeli population sample, 1137
Calculation of LDL-cholesterol from total cholesterol, triglyceride and HDL-cholesterol: a comparison of methods in the Jerusalem Lipid Research Clinic Prevalence Study, 1242

TUBERCULOSIS
Tuberculosis in patients on hemodialysis, 245

ULTRASOUND
Significance of ultrasound and gallium scanning in detecting intraabdominal abscesses, 789
Hepatobiliary ultrasonography as a diagnostic aid in neonatal jaundice, 947
Ultrasonic demonstration of iliopsoas hematoma causing femoral neuropathy (PSC), 967

URETHRA
Urethral condylomata acuminata: a new topical treatment (PSC), 1053

URIC ACID
In vitro studies on the formation of uric acid staghorn calculi (PSC), 731

URINARY BLADDER
Diagnostic value of distended urinary bladder pyelography in adults, 845

URINARY PATHOGENS
Screening of urinary pathogens obtained from catheterized patients for mannose-specific lectin: clinical implications, 469

UVULECTOMY
Mutilation of the uvula among Bedouins of the South Sinai, 774

VECTORCARDIOGRAPHY
Electrocardiography vs. vectorcardiography in the diagnosis of left anterior hemiblock associated with inferior wall myocardial infarction: a critical analysis, 463

VENOM IMMUNOTHERAPY
Insect-sting allergy in Israel: immunotherapy with pure venoms, 487

VENTILATION
Does the pattern of ventilation determine the degree of lung damage following intensive care of the newborn?, 835

VERAPAMIL
Verapamil responsive reentrant ventricular tachycardia: a case report with electrophysiological investigation, 499

VIRAL INFECTIONS
Treatment of life-threatening viral infections with interferonα: pharmacokinetic studies in a clinical trial, 439

VISUAL PIGMENT
Role of visual pigment photoproducts in transduction in invertebrate photoreceptors, 141

VITAMIN D
Metabolism of cholecalciferol in vitamin D intoxicated chicks, 695
Long-term effects of 1α-hydroxycholecalciferol therapy in chronic hemodialysis patients, 1019
Intestinal loss of vitamin D_3 metabolites in rats with cirrhosis of the liver, 1027

VOLTAGE CLAMP
Numerical method for correcting the series resistance error in voltage clamp experiments, 19

WOUND INFECTION
A decisive period in cefoxitin prophylaxis of experimental synergistic wound infection produced by *Bacteroides fragilis* and *Escherichia coli*, 863
